Dear municipal authorities,
My name is Monica Rodewell and recently I heard that you are choosing name for a new street and that people can suggest their ideas. ~~Now~~ Because of that, I decided to write this letter with explanation as to why the new street should be named after Nikolai Ivanovich Vavilov. In my opinion it is a ~~good~~ reasonable choice, because this person was famous scientist-biologist in times of USSR and his activity positively influenced our country. His intentions were to ~~stop~~ stop people's deaths from hunger, that is why he made many researches in the sphere of cultural plants. Results of Vavilov's researches and expeditions gave USSR the ability grow food in it's territory. ~~He~~ He deserved to be remembered.
